Subject: Discussion of CA aquifer exemptions

When: Wednesday, March 09, 2016 1:00 PM-1:30 PM (UTC-08:00) Pacific Time (US & Canada).

Where:

Hi folks, trying to find a time if possible today to speak, tomorrow and Monday are booked up and Leslie is off on Friday. The purpose of this check in is to review generally the status of CA's progress on aquifer exemption requests with the deadline for closure of Class II wells without approved AE's in Feb 2017 (state regulations) and discuss a specific issue that has come up in our current review of the one exemption request we've received from the state.

Thanks!

Alexa
